DARSHAN HALLIGUDI

Dharwad,In | 7204762350 | darshanbhalligudi50@gmail.com

Summary

I am passionate about developing web applications and I am currently a fresher,pursuing my engineering at SDMCET Dharwad.

Experience

Education

Bachelor of Engineering in Computer Science and Engineering | SDMCET Dharwad(Expected 2026)
CGPA 7.06 (as per 6th sem)

Diploma in Computer Science | Anjuman-E-Islam polytechnic Gadag   **2023**
CGPA 7.95

Secondary School Leaving Certificate | Jagadguru Tontadarya Vidyapeeth School Gadag   **2020**
Percentage 52

Projects

Ai-Based Medical Diagnosis System
Technologies used: Python (Flask/Django), MySQL, HTML/CSS

- Developed and design an AI-driven web application integrated with a machine learning model for medical diagnosis.
- This system will analyze user-provided medical data,offer preliminary health insights and guide users towards appropriate medical care, ensuring early detection

Technical Skills

- **Programming Languages**: Core Java, Python
- **Web Development**: HTML, CSS, JavaScript, React.js
- **Database**: MySQL
- **Tools and Platforms**: Git and GitHub, VS Code

Certifications

- Web Development Fundamentals(IBM SkillsBuild) | LINK
